

COLLEGE OF HOTEL MANAGEMENT

SHANNON AIRPORT

Dear Students,

Further to my very short stop in Geneva last week, I was amazed and disgusted to see the appearance of some of you.

Those of you who have grown long hair, moustaches etc., I must say that they are not a credit to the College and are wrecking the good image former students have made. Therefore, I wish to inform you that all of you who have changed their appearance (hair-wise) since they left Shannon in May, will have to cut their hair, (moustaches, etc.,) to the length it was when they left Shannon.

I have asked the Movenpick Organisation to have a check around the 20th. January and any of you who did not observe this order will be sent back home immediately. I wish to make it very clear, that this is not a bluff and I am determined to bring back the image the College always had in Switzerland, which is quickly deteriorating through the fault of some of you.'

A photograph of each of you, which was enclosed with your working contract in May, has been sent to your employers to make the check easier.

The students who have been offered a scholarship for the United States and who would not comply with the above, immediately, will be disqualified without further notice.

Jorgen E. BLUM,
DIRECTOR.
